Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents

The following communication is a response to the amendment filed April 12, 2004. The amendment is non-responsive because it does not comply with the revised amendment practice under 37 CFR § 1.121. Specifically, the status of claims 95 and 98 are not properly indicated with an accepted status identifier in the claims as amended. It would be remedial to parenthetically indicate these claims as "cancelled" since it appears that this is the status of the claims at the time of the amendment. It is noted that this identical discrepancy was indicated in the previous Notice of Non-responsive Amendment; Applicant is urged to fully comply with the Notice to avoid further delay in the prosecution of the application.

Applicant is given a **TIME PERIOD** of **ONE (1) MONTH** or **THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance with 37 CFR 1.121, effective, March 21, 2001, in order to avoid abandonment.

EXTENSIONS OF THIS TIME MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner **David A. Lambertson**, Art Unit **1636**, whose telephone number is **(571) 272-0771**.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center receptionist whose telephone number is (703) 308-0196.
